

MAHWAH POLICE DEPARTMENT

POLICY & PROCEDURE

Subject: Random Drug Testing		Effective Date: Aug. 3, 2018
CALEA Standard: 26.1.1	Policy#65:05:06	Total Pages: 17
Issuing Authority: James N. Batelli Chief of Police		Review Date: Aug. 3, 2020
Revisions:		Distribution: Sworn Personnel

I. Purpose

The purpose of this directive is to inform members of random drug testing of all sworn members in accordance with the New Jersey Attorney General Directive. (2018-2)

II. Policy

It is the policy of the Mahwah Police Department to hire and continue to employ those persons that are free from drug abuse. To preserve the integrity of the Mahwah Police and to insure the citizens of Mahwah are provided with service and protection by employees whose competence and fitness for office are beyond question, drug abuse by Officers will not be tolerated. Illegal drug use by an Officer who is authorized to carry a firearm represents a threat to the safety of the public and other law enforcement personnel. Drug testing is one method to insure that no drug abuse is present within the ranks of the Mahwah Police Department.

III. Procedures

Applicability

A. This policy applies to all sworn personnel of the agency regardless of rank, position or assignment, trainees and applicants. Applicants and trainees may be tested at the discretion of the Chief of Police

B. A minimum of 10% of the number of total number of sworn officers will be tested with one test being conducted in 2018 and two tests being conducted in 2019 and all years thereafter.

Reasonable Suspicion Testing

A. Drug testing through urinalysis shall be conducted when there are facts that provide a reasonable objective basis to suspect that an employee is illegally using drugs. Any employee who has reasonable suspicion to believe that a fellow employee is illegally using drugs shall immediately report that fact, in writing to the Chief of Police or Internal Affairs Supervisors. The Internal Affairs Supervisor will shall review the information and report to the Chief of Police its findings and conclusions as to the reasonable suspicion of the employee using illegal drugs. If the Chief of Police or his designee determines that reasonable suspicion exists, the employee shall be ordered to submit a urine sample for drug testing in compliance with this policy.

Random Selection

A. Random selection shall be defines as a method of selection in which each and every employee, regardless of rank, position, or assignment has an equal chance to be selected for drug testing, each and every time a selection is conducted. Only the last four digits of an employees social security number will be used for identification purposes in the selection process.

B. The Chief of Police or his designee shall conduct the selection process.

C. The PBA President shall be permitted to witness the selection process.

D. Any employee of the Mahwah Police Department who discloses the identity of an individual selected for random drug testing or the fact that a random selection is scheduled to take place, prior to the collection of the urine specimen shall be subject to discipline.

Specimen Acquisition Procedures

A. The Chief of Police shall designate a member of its staff to serve as a monitor of the specimen acquisition process. The monitor shall always be of the same gender as the individual being tested (donor). In the event there is no member of the same gender available form the agency collecting the specimens, the agency may request that a member of the same gender from another law enforcement agency serve as the monitor.

B. Prior to the submission of a urine specimen, an Officer shall execute an approved form (Attachment C - Applicants Attachment A - Trainees Attachment B) advising the officer that a negative result is a condition of employment and that a positive result will result in the consequences outlined in this policy. This form shall also advise the Officer that the refusal to participate in the test process carries the same penalties as testing positive. Sworn Officers shall complete the Drug Testing Medication Information form (Attachment D) listing all prescription medication, non-prescription medication(over the counter) medication, dietary supplements, and nutritional supplements that were ingested by the Officer during the past 14 days. The Drug

Testing Medication Information form shall be sealed in an envelope which is sealed by the donor. The donor shall date and initial the seal.

Monitor's Responsibilities

The monitor of the acquisition process shall be responsible for:

1. Ensuring the documentation is fully and accurately completed by the individual submitting the specimen (the donor)
2. Collecting specimens in a manner that provides for individual privacy while ensuring the integrity of the specimen. Individuals specimens and forms shall be identified throughout the process by use of the social security numbers. At no time shall a name appear on any form or specimen container sent to the State Toxicology Lab.
3. Complying with chain of custody procedures established by the New Jersey State Toxicology Laboratory for the collection and submission for analysis of urine specimens.
4. Specimens shall be collected utilizing supplies and equipment approved by the State Toxicology Laboratory. Under no circumstances shall a specimen be collected and submitted for analysis in a specimen container that has not been approved by the State Toxicology Laboratory. The Chief of Police or his designee will contact the Laboratory to obtain the appropriate supplies and equipment including the Drug Testing Custody and Submission Form.
5. In order to ensure the accuracy and integrity of the collection process a monitor may direct an individual officer who has been selected for drug testing to remove outer clothing, empty their pockets, and wash their hands under running water before they produce a specimen.
6. If the monitor has reason to believe that an individual will attempt to adulterate or contaminate a specimen, substitute another substance or liquid for their specimen, compromise the integrity of the test process, the monitor may conduct a direct observation of the individual officer. If a monitor concludes that direct observation is necessary he or she must document the facts supporting the belief that the Officer will attempt to compromise the integrity of the test process before there can be direct observation.

Urine Specimen Collection Process

1. Unless otherwise noted, all steps must be completed by the donor in the presence of the monitor.
2. The monitor allows the donor to select two sealed specimen container kits.
3. The donor unseals both kits and removes the kits contents on a clean surface.

4. Using an ordinary pencil, the donor writes his/her SSN and the letter "A" below the SSN on one of the I.D. labels, and places the label inside one of the specimen containers printed side out, thereby designating this bottle, and subsequently produced specimen, as "bottle A" and "first specimen", respectively.
5. Next, using an ordinary pencil, the donor writes his/her SSN and the letter "B" below the SSN on the second I.D. label, and places the label inside the second specimen container printed side out, thereby designating this bottle, and subsequently produced specimen, as "bottle B" and "second specimen", respectively.
6. The monitor checks that the donor SSN on both labels matches the SSN provided on the submission form.
7. The monitor instructs the donor to void a specimen between 45 mL and 60 mL into each specimen container, to not flush the toilet, and return with both specimens immediately after the specimen is produced.
 - a. The monitor must follow the "shy bladder" procedure for donors that initially are unable to produce an adequate amount of urine (See Section D. "Shy Bladder" Procedure below)
8. The monitor checks each specimen for adequate volume and temperature indicator strip on the specimen container within 4 minutes. A color change between 90° and 100°F indicates an acceptable specimen temperature. The monitor indicates if the temperature is acceptable in the "Yes/No" column for each specimen and writes the collection date and his/her initials in the spaces provided on the submission form. If a temperature strip does not indicate the acceptable temperature, the monitor must consider the possibility that the officer attempted to tamper with the collection.
9. If the monitor is satisfied that all test requirements are met and the required documentation is accurate, he/she shall request the donor to seal each one of the specimen containers.
10. The monitor will take possession of the specimens and documentation. The monitor will ensure that all specimens, including second specimens, are delivered to the NJSTL in a timely manner (See Section V. Submission of Specimens for Analysis below).

4.4 "Shy Bladder" Procedure

1. When a donor initially produces an inadequate amount of urine, the monitor must take the following steps:
 - a. Advise the donor to remain on the premises and under the supervision of the test monitor until the monitor is satisfied that the donor cannot produce a specimen.
 - b. While the donor is under supervision, allow the donor to drink up to 40 ounces of fluids distributed reasonably over a period of up to three hours in an attempt to induce the production of a specimen.

- c. Under no circumstances, should multiple voids be combined to produce an adequate sample volume.
2. If the donor remains unable to provide a specimen after a reasonable period of time, the monitor may have the donor examined by a doctor to determine whether the inability to produce a specimen was the result of a medical or physical infirmity or constituted a refusal to cooperate with the drug testing process.

Second Specimen

1. A donor whose specimen tested positive may only challenge the positive test result by having the second specimen independently tested. The first specimen will not be retested.
2. The second specimen will be maintained at the State Toxicology Laboratory for 60 days following the receipt of a positive drug test result from the laboratory by the submitting agency.
3. The second specimen will be released by the NJSTL under the following circumstances:
 - a. The agency is notified by the State Toxicology Laboratory that the first specimen tested positive for a controlled substance;
 - b. The agency notifies the donor that the first specimen tested positive for a controlled substance; and
 - c. The agency is informed by the donor whose specimen tested positive that he/she wishes to challenge the positive test result.
4. The positive urine donor must designate, from a list maintained by the NJSTL, a laboratory that is certified by the Substance Abuse and Mental Health Services Administration (SAMHSA) and accredited by the College of American Pathologists (CAP) to conduct workplace urine drug testing, and pay all costs associated with the reception and testing of the sample.
 - a. The State Toxicology Laboratory maintains an up-to-date list of SAMSHA and CAP certified laboratories and will furnish that list upon request.
5. A representative of the second test laboratory may, in person, take possession of the second sample in accordance with accepted chain of custody procedures or the sample may be sent to the laboratory by pre-paid tracking mail also following accepted chain of custody procedures.
6. Following testing of the second specimen, the independent laboratory will report the result of the second specimen drug test to the donor, to the submitting agency, and to the medical review officer.

SUBMISSION OF SPECIMENS FOR ANALYSIS

- A. The State Toxicology Laboratory is the only facility approved for the analysis of law enforcement drug tests conducted under the Law Enforcement Drug Testing Policy. Law enforcement agencies are not permitted to use any other facility or laboratory for the purpose of analyzing urine specimens for illegal drug use by law enforcement officers.

- B. Urine specimens should be submitted to the State Toxicology Laboratory as soon as possible after their collection. In the event specimens cannot be submitted to the laboratory within one working day of its collection, the law enforcement agency shall store the specimens in a controlled access refrigerated storage area until submission to the State Toxicology Laboratory (Attachment E).
- C. Submission of specimens to the State Toxicology Laboratory may be accomplished by personnel from the law enforcement agency or commercial courier using "next day delivery." Specimens submitted by commercial courier must be packaged to ensure their integrity.
- D. All specimens must be accompanied by the Law Enforcement Drug Testing Custody and Submission Form which can be obtained from the lab and the sealed envelope containing the Medication Information Form. The State Toxicology Laboratory will inspect all documentation to ensure that it has been properly completed. Failure to include the appropriate documentation with each submission will cause the Laboratory to delay conducting an analysis of the specimen or specimens until the missing documentation is submitted.
- E. In addition to ensuring that the appropriate documentation has been completed and submitted for each specimen, the State Toxicology Laboratory shall inspect each specimen for damage and evidence of tampering.
 - 1. The Laboratory may reject any specimen it has reason to believe has been tampered with or is damaged; and
 - 2. Notify the submitting agency in writing with the reason for rejection clearly stated.

ANALYSIS OF SPECIMENS

- A. The analysis of the first specimen shall be done in accordance with currently accepted procedures adopted by the State Toxicology Laboratory. These procedures shall include but not be limited to security of the test specimens, chain of custody, initial screening and confirmation testing, parent drug and metabolite cut-off levels and the issuance of test reports. In addition to the controlled substances listed below, every Law Enforcement Executive may request that specimens be analyzed for the presence of steroids.
- B. The Laboratory's drug testing procedures will screen specimens for the following controlled substances:
 - Amphetamines
 - Barbiturates
 - Benzodiazepines
 - Cocaine
 - Marijuana
 - Methadone
 - Opiates
 - Oxycodone/Oxymorphone
 - Phencyclidine
- C. The State Toxicology Laboratory utilizes a two stage procedure to analyze specimens.
 - 1. In the first stage, all specimens will undergo an initial screening. The initial screening determines whether one or more of the nine substances listed and/or their

metabolites are present at or above a designated cutoff. All presumptive positive specimens will undergo a second and more specific type of testing.

2. The second type of testing will employ mass spectrometry detection for the definitive identification and quantitation of drugs and/or metabolites presumptively identified by the initial screen.
- D. When a specimen tests positive at both the initial stage and the second stage, a medical review officer assigned to the State Toxicology Laboratory will review the test results together with the medication information form submitted for the specimen. The medical review officer will seek to determine whether any of the substances listed on the form would explain the positive test result. The medical review officer may direct the agency that collected the sample to obtain further information from the individual being tested concerning the medications listed on the medical information form. The medical review officer will then issue a report indicating whether or not the sample tested positive due to a listed medication on the medication information form.
 - E. Applicants for law enforcement employment are not required to submit a Drug Testing Medication Information form with their specimen. Therefore, if an applicant tests positive, the law enforcement agency, following notification from the State Toxicology Laboratory, must have the candidate complete the Drug Testing Medication Information form (Attachment D). Once the form has been completed, the agency is responsible for transmitting the form to the Laboratory. A review of the form will be conducted by the medical review officer as outlined above.
 - F. In addition to the testing outlined above, specimens submitted to the State Toxicology Laboratory may be tested for additional substances at the request of the law enforcement agency submitting the specimen. The State Toxicology Laboratory has the ability through its own facilities, as well as facilities employed as reference laboratories, to arrange drug testing for steroid abuse, as well as other currently abused chemicals.

DRUG TEST RESULTS

- A. The State Toxicology Laboratory will provide written test results for every specimen submitted for analysis. All efforts will be made to deliver these reports within 15 working days of the submission. Reports will be addressed to the contact person listed on the specimen submission record. Positive test results will be sent to the contact person by certified mail.
- B. In some cases, the State Toxicology Laboratory will report that a specimen tested positive for a particular substance and that the information on the medication information form explains the test result. For example, the Laboratory may report that a specimen tested positive for barbiturates and a prescription for that barbiturate was listed on the form by the officer. At this point, it is the responsibility of the submitting agency to determine whether the officer had a valid prescription for that drug. Officers who do not have a valid prescription are subject to disciplinary action including, termination by the agency.
- C. Under no circumstances will the State Toxicology Laboratory provide law enforcement agencies with verbal reports of drug test results. In addition, no individual or agency may ask the Laboratory to conduct a second analysis of a specimen that has already been analyzed.

CONSEQUENCES OF A POSITIVE TEST RESULT

- A. When an applicant tests positive for illegal drug use:
1. The applicant shall be immediately removed from consideration for employment by the agency.
 2. The applicant shall be reported to the Central Drug Registry maintained by the Division of State Police by the law enforcement agency to which the individual applied.
 3. The applicant shall be precluded from consideration for future law enforcement employment by any law enforcement agency in New Jersey for a period of two years.
 4. Where the applicant is currently employed by another agency as a sworn law enforcement officer, the officer's current employer shall be notified of the positive test result. Under these circumstances, the officer's current employer is required to dismiss the officer from employment and also report his or her name to the Central Drug Registry maintained by the Division of State Police.
- B. When a trainee tests positive for illegal drug use, subject to rules adopted by the Police Training Commission:
1. The trainee shall be immediately dismissed from basic training subject to rules adopted by the Police Training Commission and suspended from employment by his or her appointing authority.
 2. Upon final disciplinary action by the appointing authority, the trainee shall be terminated from employment as a law enforcement officer.
 3. The trainee shall be reported to the Central Drug Registry maintained by the Division of State Police.
 4. The trainee shall be permanently barred from future law enforcement employment in New Jersey.
- C. When a sworn law enforcement officer tests positive for illegal drug use:
1. The officer shall be immediately suspended from all duties.
 2. The officer shall be administratively charged and, upon final disciplinary action, terminated from employment as a law enforcement officer.
 3. The officer shall be reported by his or her employer to Central Drug Registry maintained by the Division of State Police.
 4. The officer shall be permanently barred from future law enforcement employment in New Jersey.

CONSEQUENCES OF A REFUSAL TO SUBMIT TO A DRUG TEST

- A. Applicants who refuse to submit to a drug test during the pre-employment process shall be immediately removed from consideration for law enforcement employment and barred from consideration for future law enforcement employment for period of two years from the date of the refusal. In addition, the appointing authority shall forward the applicant's

name to the Central Drug Registry and note that the individual refused to submit to a drug test.

- B. Trainees who refuse to submit to a drug test during basic training shall be immediately removed from the academy and immediately suspended from employment. Upon a finding that the trainee did in fact refuse to submit a sample, the trainee shall be terminated from law enforcement employment and permanently barred from future law enforcement employment in New Jersey. In addition, the appointing authority shall forward the trainee's name to the Central Drug Registry and note that the individual refused to submit to a drug test.
- C. Sworn law enforcement officers who refuse to submit to a drug test ordered in response to reasonable suspicion or random selection shall be immediately suspended from employment. Upon a finding that the officer did in fact refuse to submit a sample, the officer shall be terminated from law enforcement employment and permanently barred from future law enforcement employment in New Jersey. In addition, the appointing authority shall forward the officer's name to the Central Drug Registry and note that the individual refused to submit to a drug test. Please note that if there is no valid reason why an officer cannot produce a specimen, the officer's actions will be treated as a refusal. In addition, a sworn law enforcement officer who resigns or retires after receiving a lawful order to submit a urine specimen for drug testing and who does not provide the specimen shall be deemed to have refused to submit to the drug test.

RESIGNATION/RETIREMENT IN LIEU OF DISCIPLINARY ACTION

A sworn law enforcement officer who tests positive for illegal drug use or refuses to submit to a drug test, and who resigns or retires in lieu of disciplinary action or prior to the completion of final disciplinary action, shall be reported by his or her employer to Central Drug Registry and shall be permanently barred from future law enforcement employment in New Jersey.

RECORD KEEPING

- A. Each law enforcement agency's Internal Affairs Unit shall maintain all records relating to the drug testing of applicants, trainees and law enforcement officers.
- B. Each agency's drug testing records shall include but not be limited to:
 - 1. All drug testing:
 - a. the identity of those ordered to submit urine samples;
 - b. the reason for that order;
 - c. the date the urine was collected;
 - d. the monitor of the collection process;
 - e. the chain of custody of the urine sample from the time it was collected until the time it was received by the State Toxicology Laboratory;
 - f. the results of the drug testing;
 - g. copies of notifications to the subject;

- h. for any positive result, documentation from the officer's physician that the medication was lawfully prescribed and does not render the officer unfit for duty;
 - i. for any positive result or refusal, appropriate documentation of disciplinary action.
 - 2. Random drug testing, the records shall also include the following information:
 - a. a description of the process used to randomly select officers for drug testing;
 - b. the date selection was made;
 - c. a copy of the document listing the identities of those selected for drug testing;
 - d. a list of those who were actually tested; and
 - e. the date(s) those officers were tested.
- C. Drug testing records shall be maintained with the level of confidentiality required for internal affairs files pursuant to the New Jersey Internal Affairs Policy and Procedures.

CENTRAL DRUG REGISTRY

- A. Every law enforcement agency shall notify the Central Drug Registry maintained by the Division of State Police of the identity of applicants, trainees and sworn law enforcement officers who test positive for the illegal use of drugs or refuse an order to submit to a drug test (Attachment F).
- B. A sworn law enforcement officer who tests positive for illegal drug use or refuses to submit to a drug test, and who resigns or retires in lieu of disciplinary action or prior to the completion of final disciplinary action, shall be reported by his or her employer to Central Drug Registry and shall be permanently barred from future law enforcement employment in New Jersey.
- C. Notifications to the Central Drug Registry shall include the following information as to each individual:
 - 1. Name and address of the submitting agency, and contact person;
 - 2. Name of the individual who tested positive;
 - 3. Last known address of the individual;
 - 4. Date of birth;
 - 5. Social security number;
 - 6. SBI number (if known);
 - 7. Gender;
 - 8. Race;
 - 9. Eye color;
 - 10. Substance the individual tested positive for, or circumstances of the refusal to submit a urine sample;

11. Date of the drug test or refusal;
 12. Date of final dismissal or separation from the agency; and
 13. Whether the individual was an applicant, trainee or sworn law enforcement officer.
- D. The certification section of the notification form must be completed by the chief or director, and notarized with a raised seal.
- E. Notifications to the central registry shall be sent to:
- Division of State Police
State Bureau of Identification
Central Drug Registry
P.O. Box 7068
West Trenton, New Jersey 08628-0068
- F. Information contained in the central registry may be released by the Division of State Police only under the following circumstances:
1. In response to an inquiry from a criminal justice agency as part of the background investigation process for prospective or new personnel; and
 2. In response to a court order.

ATTACHMENT A

DRUG TESTING

APPLICANT NOTICE AND ACKNOWLEDGMENT

I, _____, understand that as part of the pre-employment process, the _____ will conduct a comprehensive background investigation to determine my suitability for the position for which I have applied.

I understand that as part of this process, I will undergo drug testing through urinalysis. I understand that a negative drug test result is a condition of employment. I understand that if I refuse to undergo the testing, I will be rejected from employment.

I understand that if I produce a positive test result for illegal drug use, I will be rejected for employment.

I understand that if I produce a positive test result for illegal drug use or refuse to take the test, that information will be forwarded to the Central Drug Registry maintained by the Division of State Police. Information from that registry can be made available by court order or as part of a confidential investigation relating to employment with a criminal justice agency.

I understand that if I produce a positive test result for illegal drug use and am not currently employed as a sworn law enforcement officer, I will be barred from future law enforcement employment in New Jersey for two years from the date of the test. After this two-year period, the positive test result may be considered in evaluating my fitness for future criminal justice employment.

I understand that if I am currently employed as a sworn law enforcement officer and I produce a positive test result for illegal drug use, my current law enforcement employer will be notified of the positive test result. In addition, I will be dismissed from my law enforcement position and I will be permanently barred from law enforcement employment.

I have read and understand the information contained on this "Applicant Notice and Acknowledgment" form. I agree to undergo drug testing through urinalysis as part of the pre-employment process.

Signature of Applicant Date

Signature of Witness Date

ATTACHMENT B

DRUG TESTING

TRAINEE NOTICE AND ACKNOWLEDGMENT

I, _____, understand that as part of the program of training at the _____, I will undergo unannounced drug testing by urinalysis during the training period.

I understand that a negative drug test result is a condition of my continued attendance at the above listed training program. I understand that if I refuse to undergo the testing, I will be dismissed from the training program and from my law enforcement position.

I understand that if I produce a positive test result for illegal drug use, I will be dismissed from the academy.

I understand that if I produce a positive test result for illegal drug use, the academy will notify my employer of the positive test result. In addition, I will be permanently dismissed from my law enforcement position.

I understand that if I produce a positive test result for illegal drug use or refuse to take the test, that information will be forwarded to the Central Drug Registry maintained by the Division of State Police. Information from that registry can be made available by court order or as part of a confidential investigation relating to employment with a criminal justice agency.

I understand that if I produce a positive test result for illegal drug use, I will be permanently barred from serving as a law enforcement officer in New Jersey.

I have read and understand the information contained on this "Trainee Notice and Acknowledgment" form. I agree to undergo drug testing through urinalysis as part of the academy training program.

Signature of Trainee Date

Signature of Witness Date

ATTACHMENT C

DRUG TESTING

OFFICER NOTICE AND ACKNOWLEDGMENT

I, _____, understand that as part of my employment with _____, I am required to undergo unannounced drug testing by urinalysis either through a random drug testing procedure or where there is reasonable suspicion to believe I am illegally using drugs.

I understand that a negative drug test result is a condition of my continued employment as a sworn officer at the above listed department.

I understand that if I produce a positive test result for illegal drug use, it will result in my termination from employment.

I understand that if I refuse to undergo testing, it will result in the same penalties as a positive test for the illegal use of drugs.

I understand that if I produce a positive test result for illegal drug use or refuse to take the test, the information will be forwarded to the Central Drug Registry maintained by the Division of State Police. Information from that registry can be made available by court order or as part of a confidential investigation relating to my employment with a criminal justice agency.

I understand that if I produce a positive test result for illegal drug use, I will be permanently barred from future employment as a law enforcement officer in New Jersey.

I understand that if I resign or retire after receiving a lawful order to submit a urine specimen for drug testing and do not provide the specimen, I shall be deemed to have refused to submit to the drug test.

I have read and understand the information contained on this "Officer Notice and Acknowledgment" form. I agree to undergo drug testing through urinalysis as a condition of my continued employment as required by law.

Signature of Officer Date

Signature of Witness Date

ATTACHMENT D

DRUG TESTING MEDICATION INFORMATION

As part of the drug testing process, it is essential that you inform us of all medications you have taken in the last fourteen (14) days. Please *carefully* complete the information below.

Check all that apply:

___ A. During the past 14 days I have taken the following medication prescribed by a physician:

	Name of Medication	Prescribing Physician	Date Last Taken
1			
2			
3			

___ B. During the past 14 days, I have taken the following non-prescription medications (cough medicine, cold tablets, aspirin, diet medication, nutritional supplements, etc.)

	Name of Medication	Date Last Taken
1		
2		
3		

___ C. During the past 14 days, I have taken NO prescription or non-prescription medications.

Directions to

State Toxicology Laboratory
Edwin H. Albano Institute of Forensic Science (IFS)
325 Norfolk Street
Newark, New Jersey
973-648-3915

From Garden State Parkway North:

1. Take Exit 144, South Orange Avenue.
2. Make a right on South Orange Avenue.
3. Continue about 25 blocks to intersection at Bergen Street (UMDNJ campus is on left.)
4. Continue down South Orange Avenue past traffic light to driveway on left before two story brick building (IFS).

From Garden State Parkway South:

1. Take Exit 145, East Orange.
2. Take 1-280 East to first exit (Newark).
3. Make a right on First Street. This becomes Bergen Street.
4. Continue to fifth traffic light at South Orange Avenue.
5. Make a left.
6. Continue down South Orange Avenue past traffic light to driveway on left before two story brick building (IFS).

From New Jersey Turnpike North:

1. Take Exit 14, Newark.
2. After toll plaza, take 1-78 West (express or local).
3. Take Exit 56, Hillside Avenue.
4. Continue on Hillside Avenue to end at Avon Avenue.
5. Make left on Avon Avenue.
6. Continue one block to traffic light on Irvine Turner Blvd.
7. Make right on Irvine Turner Blvd. (which becomes Jones St.) and continue to traffic light at South Orange Avenue.
8. Turn left and enter first driveway on right behind two story brick building (IFS).

From New Jersey Turnpike South:

1. Take Exit 15W to 1-280 West to Exit 14B, Clifton Avenue.
2. At the traffic light, make a left.
3. Continue on Clifton Avenue to eighth traffic light at South Orange Avenue and Norfolk Street.
4. Turn right and enter first driveway on right behind two story brick building (IFS).
